# KNOW YOUR PASTA

## SPAGHETTI

Width: 0.2 cm (about 1/8 inch)  
Thickness: Thin, round strands

The classic Italian pasta, spaghetti is perfect for lighter sauces like San Marzano tomato sauce, garlic olive oil, or pesto. It has a firm texture and is great for a variety of toppings.

## FETTUCCINE

Width: 0.6 cm (about 1/4 inch)  
Thickness: Thin but slightly wider than spaghetti

A broad, flat noodle with a soft yet firm texture. Fettuccine is ideal for creamy sauces like Alfredo or basil pesto, and it holds up well with tomato-based sauces.

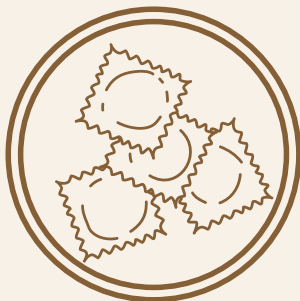

## PENNE

Tube-shaped, about 4–5 cm long.

Penne's ridged surface and hollow center make it ideal for holding onto creamy or chunky sauces. From classic arrabbiata to baked al forno dishes, every bite balances sauce and pasta beautifully.

## RAVIOLI

Width: Varies by filling (usually around 5 cm square or round)  
Thickness: Thin but sturdy to hold fillings

These stuffed pasta pockets can be filled with a variety of ingredients, such as ricotta and spinach, and paired with light sauces like browned butter and sage, or creamy sauces for a more indulgent option.
